

Small cabinet for a big cause.

In **colors** of readiness.

AED  **Climate BOX**

ACB-3

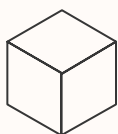

Precision inside. Minimalism outside.

ACB-3 was created for spaces where form and function meet.

A discreet cabinet that fits anywhere – yet stands out when it matters most.

Compact, reliable, and ready within reach.

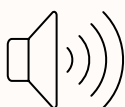

Simple, yet refined.

Clean design that fits every interior environment.

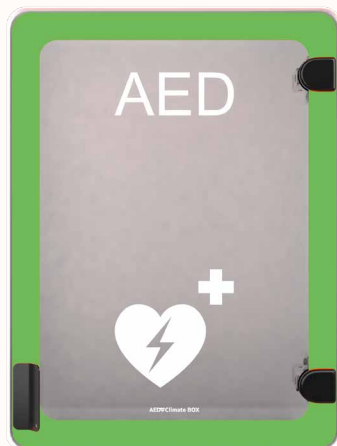

Colors of readiness.

Available in globally recognised AED colours.

Open-door alarm

Equipped with alarm to ensure security and readiness.

The ACB-3 cabinet measures 300×400×135 mm (W×H×D) and is designed to fit AED units up to 230×310×95 mm (W×H×D).
